FOLLOW THE RIVER DESIGNS, LLC DBA

CAPABILITY STATEMENT

Follow the River
ENVIRONMENTAL

Quality Environmental Compliance & Construction Services

COMPANY OVERVIEW

Follow the River Environmental (FTR) is a privately owned small business setting the industry standard for complete stormwater management and environmental compliance. Serving 39+ counties across Central, Southern, and Eastern Ohio, FTR operates as a trusted, start-to-finish "one-stop-shop" for heavy highway (ODOT), public utility, and private sector projects. Backed by decades of local expertise, their comprehensive solutions span everything from SWPPP design and certified erosion control inspections to water quality monitoring and professional seeding. FTR combines efficient teamwork with uncompromised integrity to keep your projects protected, compliant, and moving forward.

CORE COMPETENCIES

Environmental & Civil Construction

- Seeding, Mulching, Hydroseeding & Sod Installation
- Clearing, Grubbing & Incidental Grading Ops
- Installation & Upkeep of Sediment/Erosion Controls
- Perimeter Protection, Drainage Repairs & Excavation
- Commercial Landscaping & Site Environmental Restoration

Consulting & Engineering Services

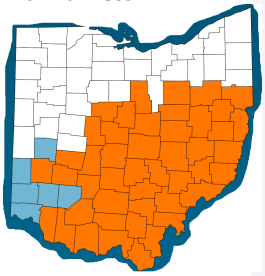

- SWPPP Design, Engineering & Maintenance Tracking
- Erosion Inspections via Certified CPESC & CESSWI Inspectors
- MS4 Compliance Management & Water Quality Monitoring
- ODOT Certified Project Engineering & Professional Inspection

DIFFERENTIATORS

- **State Policy Consultation**: Actively collaborates directly with ODOT to refine state industrial compliance standards, Supplemental Specification 832, and SWPPPTRACK tool integrations.
- **One-stop-shop Stormwater Delivery Model**: Eliminates gaps in communication by managing the full project—from SWPPP design, installs of BMPs, maintenance and inspections, to final stabilization.
- **Full Labor Compliance**: Maintains a professional, fully trained union workforce capable of meeting strict prevailing wage criteria with flawless quality execution.
